

Terms of Processing of Cookie Files of JSCB “Kapitalbank” (hereinafter – the Terms)

JSCB «Kapitalbank» (hereinafter — the Bank) processes the data specified in these Terms that is collected while visitors use our website kapitalbank.uz (hereinafter — the Website). By continuing to use the Website, you agree to the Bank’s processing of cookies.

1. What cookies are and why JSCB «Kapitalbank» uses them

Cookies are small pieces of data that a website requests from the browser used on your device. Cookies remember information about your preferences and make it more convenient for you to browse the sites you have visited over a certain period of time.

The Bank uses cookies to:

- ensure that the website works properly;
- show you the information that matters most to you;
- save your safe search settings.

The Bank processes the data received, including by using metrics programs and analytics systems.

2. Which cookies the Bank uses

Persistent cookies

Cookies that are stored on your device and are not deleted when you close the browser. Persistent cookies can save user settings for a particular website, allowing those preferences to be used in future sessions on the website. Persistent cookies identify you as a unique user and, when you return to the website, help it recall information about you and the actions you have previously taken.

Analytics/marketing cookies

They allow the website to remember how you use it, for example, which pages you visit and which links you follow. Analytics and marketing cookies are needed to improve the website’s functionality and your user experience. Sometimes such cookies also allow us to identify your preferences and provide you with useful, targeted information about products, services and offers that may interest you.

Essential cookies

this is the minimum set of cookies that must be used to ensure the correct and uninterrupted operation of the website.

Cookies are installed in the browser on your device automatically.

You can refuse the storage and use of cookies on your device or delete cookies that have already been saved in your browser settings.
